Hired two former Inkwell Atlanta artists — public Instagram welcome

 NEWS

Peachtree Heights Tattoo posted welcome reels for two artists yesterday — one with 18K Instagram followers, one with 12K. Both previously tattooed at Inkwell Atlanta (your shop) in 2024. Their client lists follow them. Direct client-base migration risk.

→ **ACTION:** Reach out to your top-25 repeat clients of those two artists this week with a "we wanted to let you know your previous artist has moved on, but we have these other artists who are great at similar work" personal note. Keep the relationship even if the next session is elsewhere — they'll come back.

Flash-event Saturday — 80 walk-ins booked in 6 hours, sold out by 2pm

 NEWS

Ironroot Tattoo ran a \$100-flash event last Saturday — 80 walk-in bookings, sold out by 2pm. Their Instagram story showed a line down the block. This format (Instagram-announced flash days at fixed low pricing) is converting well in the Atlanta market.

→ **ACTION:** Schedule a flash event in 4-6 weeks. Use the prep time to design a sheet of 30+ flash pieces with your artists. Announce it 7-10 days ahead on Instagram. Position the work as "shop-exclusive designs" — higher perceived value than generic flash.

Multiple reviews mention rushed consultations + sterilization concerns

 NEWS

Magnolia Ink Society has 4 new 2-star reviews this week. Two mention feeling rushed during the consultation; one specifically raised concerns about an autoclave-status sticker that looked outdated.

Sterilization concerns in tattoo reviews are unusual and likely to spread.

→ **ACTION:** Counterposition by surfacing your sterilization standards — short Instagram reel of your autoclave routine, current certifications visible in the lobby. Atlanta clients increasingly self-research; visible safety practice is a competitive edge.

Atlanta City Council to consider tattoo-studio zoning relaxation

 NEWS

Atlanta City Council referred a zoning proposal yesterday that would allow tattoo studios in commercial districts that currently exclude them (parts of Buckhead, southside Atlanta). Hearing scheduled for June 18. Likely opens new physical-location opportunities in 2027.

→ **ACTION:** No immediate action needed. Worth following — if passed, north Atlanta expansion locations become possible. Start watching commercial real estate listings in newly-eligible areas.

The attachment `brief-*.jsonl` is a machine-readable version of this brief: one JSON object per change. Save it and paste into ChatGPT/Claude/etc. with a prompt like "Summarize the top 3 actions from this competitive brief."

Wiring your AI agent to read your inbox automatically is also an option — but it's a level of access we don't recommend lightly. Inbox-reading agents have access to far more than this brief; that's a risk only you can decide to accept.
